De Molays Parade For Safety

By the United Press
Pictured above is one of a long line of floats in the east bay safety parade at Oakland last week. Designed to reduce traffic, industrial and home accidents, the parade, sponsored by the California State Automobile Association and various safety councils, is the first public movement undertaken by northern California De Molay chapters.

A Trousseau For Eve

This African elephant ear, one of the strange plants to be shown at the annual California flower festival in San Leandro, would make several garments for a modern Eve. Miss Valeria Huff is shown with the leaf and a gigantic Chinese sunflower.

Baby "Crop" Shows Depression's Effect; State Has Decrease

By the United Press
California apparently is not going to have a bumper baby "crop" this year. During the first six months of the year there were 40,255 births in the state as compared to 41,724 for the same period during 1930, the state department of public health reported today. In Los Angeles county 15,150 babies were born between January and June this year, while 1930 saw 16,523 births during the first six months of the year. While the state as a whole showed a decrease, 22 of the 58 counties recorded gains in births, the report revealed. Santa Clara county had the best record with a gain of 91, and Alameda was second with an increase of 75 births. In an analysis of the statistics according to racial divisions, the report reveals that the "Negro, Indian and Chinese births show increases, while the births of white, Japanese and Mexican children decreased to account for the general loss throughout the state."

Trust Deed Reform Objective Is Told

All organizations of this district are urged to participate in the campaign of the Citizens' Trust Deed Reform League. The league's goal—abolition of existing trust deed evils by the voters of the state, through the enactment of a proposed new law that would place trust deeds in the same class as ordinary mortgages and provide the borrower with a year's period in which to redeem property after foreclosure—can only be gained through full public cooperation, sponsors of the movement declare. A speakers bureau, comprised of members of the Lawyers' Club of Los Angeles and other bodies, is now functioning and speakers are available for any organizations desiring them. Requests for speakers should be made to headquarters of the Citizens' Trust Deed Reform League, Room 520 Chamber of Commerce building, Los Angeles. The telephone number is WE 5-1101. Requests should be made well in advance of meetings.
